[By Latest Mail]
KANSAS CITY.—M. J. McCarty, fake blind man, who was sentenced to serve 100 days on the municipal farm because he gazed for thirty seconds at the aperture in a slit-skirt, was not at all downcast today.
"Believe me," said McCarty, "believe me, it was worth it."
McCarty was wearing a "help-the-blind" sign around his neck when a pretty brunette with a slit skirt in his cup. J. W. West, a clerk, saw McCarty turn and stare after the girl. West stared, too, and then he called a policeman.

JESSIE WILSON TO BECOME BRIDE IN NOVEMBER

President's Wife Announces
Date on Which Daughter's
Wedding Will Occur

RECOVERING FROM INJURIES
Late Rumor of Engagement
of Miss Eleanor Wilson to
Mervin Nelson Denied

[By Latest Mail]
WINDSOR (Vt.).—Mrs. Woodrow Wilson, wife of President Wilson, announced today through her secretary, Isabella Hagner, that the marriage of her daughter, Miss Jessie Wilson, and Francis Sayre, will take place at the White House in Washington on Tuesday, November 23rd next.
Miss Wilson is recovering from the injuries she received in a fall from a horse at Plainfield, Vt. on August 26th, while riding with her fiancé. She frequently takes trips with Sayre in an electric car far into the country along various roads leading from the summer capital at Cornish. She wore a veil for several days following the accident, but she has abandoned it now, as the bruises on her face have practically healed.

Sayre is the son of the late Robert Heysham Sayre, of Bethlehem, Pa., builder of the Lehigh Valley Railroad. He also built up the Bethlehem Iron Works, now the Bethlehem Steel Works. The elder Sayre was president of the board of trustees of Lehigh University.

Sayre's mother was Martha Finley Nevin, daughter of John Williamson Nevin, theologian and president of the Franklin and Marshall College, in Lancaster, Pa.

NEW YORK.—Miss Eleanor Wilson, youngest daughter of the President, is not engaged to Mervin Nelson, of 602 West Thirty-ninth street. In some way rumor linked the names of these two. Mr. Nelson's sister, in explaining the absurdity of the report today, said: "My brother has seen Miss Wilson only once, the day when, with mutual friends, they went motor-ing. I can say with authority, therefore, there is absolutely no reason for this rumor."

**HEADLESS BODY OF
WOMAN IN OCEAN**

[By Latest Mail]
BOSTON.—The discovery at sea of the headless body of an expensively dressed young woman was reported by Captain Charles White of the schooner Jennie Gilbert upon his arrival in port from a sword fishing trip. To the captain it appeared that the head had been skillfully severed with a sharp knife.
The body was picked up about 170 miles from Boston and in the track of both ocean and coastwise steamers.

It evidently had been in the water but a short time.
Captain White described it as that of a young woman of from 16 to 20 years.
The clothing gave no clue to the identity of the wearer.
Captain White says he wrapped the body in canvas and sank it in the sea.

EUGENICS BRING HEIR TO DUKEDOM IN ENGLAND

Following the Instructions of
Vienna Scientist, Duchess
Eschews Use of Sugar

MOTHER FORMER AMERICAN

Daughter of Late Ogden Goellet
Practices New Method in
Luring the Stork

[By Latest Mail]
LONDON.—The son and heir so ardently hoped for by the Duke and Duchess of Roxburghe, was born last night at their London residence, Chesterfield house, Mayfair. The Duchess is the former Miss May Goellet, daughter of the late Ogden Goellet.

The baby born to the Duchess is a boy, according to the Duke, principally because his mother ate no food containing sugar for months before his advent into the world.

In announcing the birth of an heir today, the Duke of Roxburghe admitted that his wife had practiced a certain form of eugenics, and said that they both attributed the sex of the new born infant to this.

Desiring a male heir to the Dukedom, the Duchess went to Vienna in 1909, and there consulted Dr. Leopold Schenk, a noted scientist, who is a world famous authority on embryology. He is connected with the university at Vienna, and has given much study to the prenatal determination of sex.

Dr. Schenk advised the Duchess and she followed his instructions. The principal thing that he told her to do, in order to insure a male child, was to avoid all foods containing sugar. She did so, according to the Duke, and bore a son.

It is said that Dr. Schenk staked his reputation on his prediction that the child would be a boy, provided his advice was strictly followed.

The Duchess and son are well tonight. The child will bear the title of Marquis of Beaumont.

The birth of an heir to the dukedom, has caused widespread joy in the border country, where the family dwells in immense influence.

Mrs. Ogden Goellet, mother of the Duchess, was at Chesterfield house when her grandson was born.
